

50*150mm flat oval tube combines with 60*120mm oval tube, makes the machines mature and elegant.

Design the machines according to the international advanced concept and improve on the original

basis. Resistance remains steady during the entire range of motion, making the movement exceptionally fluid.

Pure steel weight plate enhances the product durability.

Training counting & training time recodes make the movement more scientific and humanized.

Full closed PVC covers with one time contoured to keep user safe, increases the attraction and underlines the high quality.

Unique separated movement allows the user practice single arm, highlights the details and

humanization of the products.

Aluminum alloy pulley with $\Phi 106.2\text{mm}$, improve the durability and keep movement smoothly,

it is easy to maintain.

The handle adopts TPV material, never damage and improves the durability.

Imported powder of painting, doublerust clean, double lines cushion showing fashion.

Automatically rotating handles accommodate different lengths of forearms.

The isolated arm can make the force training more balanced and efficient.

Comfortable support from back pad makes the power more balance for the biceps strength training.

The seat can be adjusted to the user's desired range of motion when used.

Specifications

DIM: (L)1480*(W)1060*(H)1600mm

N. W. : 210KG

Weight stack:

Standard: 80KG Max: 170KG

Muscles trained: Arm muscles, mainly biceps
